## Art Advocacy

During the four years as Communications Chair for the Friends of the Bath House Cultural Center (until my allowable term ended), I led the redesign for the organization's out-of-date website, created numerous marketing and graphic materials, developed branding and marketing campaigns for the annual spring Lake-a-Palooza event, initiated the North Texas Giving Day media campaigns, managed the day-to-day and website and social media event notices and general care and feeding of the website and social pages. Although no longer on the board, I am still active with the Friends and continue to perform these duties.

[friends' Facebook page](#)

Invigorated the behind-the-scenes organization for the White Rock Lake Artists Studio Tour, including initiating Cloud delivery of artists' work for online and flyer publications, increased Facebook followers exponentially, developed marketing concepts such as photographing artists in Seurat-like attire reimagining the "A Sunday on La Grande Jatte" painting, "mannequin" video with participating artists expressing their respective métiers, and hosted after-tour parties for artists to gather and share their experiences. Oversee day-to-day activity of Facebook page. And of course, have been a participating artist on the tour since 2012.
